

SPIKA MS220 A Half Dice Modular Ice Cube Maker

Model ID: SPIKA MS220 A HD

The SPIKA MS220 A HD is a modular ice cube maker optimized for large drinks venues. Every 24 hours it makes 207kg of SPIKA Half Dice ice cubes, a style of ice specifically designed to be harder and longer lasting, while offering superior cooling speed in beverages. Partner with a SILO ice storage bin for ultimate convenience and capacity.

2 Year Warranty Protection

FEATURES & BENEFITS

- Comes with Energy STAR Low Power Consumption Certification
- Ice type: SPIKA Half Dice - designed for scaled-up beverage service
- Suitable for very hot climates (ambient temperatures up to 43°C)
- Designed for commercial bar, restaurant, pub and night club spaces - 762 W x 620 D x 500 H (mm)
- Smart electronic board controls every parameter and shows the diagnosis of possible failures
- R452A refrigerant - a 45% reduction in GWP (global warming potential) over previous R404A
- Optional stacking kit for doubling ice production recommended bin configurations are S220, S350, S400, S500, S700 other options with cart are SCS150, SCS300 and SCS400 where unit can be double stacked

SPECIFICATIONS

- Dimensions: 762 W x 620 D x 500 H (mm)
- Ice Production (kg/24h): 207
- Ice Storage (kg): Separate storage bin required
- Ice Cube Dimensions: 23 W x 11 D x 26 H (mm)
- Temperature Range: 10°C to 43°C
- Refrigerant: R290
- Door Type: Solid
- Material: AISI 304 stainless steel body
- Total Floor Area (m²): 0.38
- Weight (kg): 85
- kW: 0.91
- Current Draw (Amps): 4.25
- Noise Measurement (dB): 66
- Controller: Smart electronic board
- Power Supply: 230 Volts a.c. 50 Hz, single phase

OPTIONS

- Drain pump SXX11725-P
- Replacement filter cartridge SXX11696
- Stacking kit ITV-6586
- Water filter kit SXX11698
