SPIKA MS410 A Half Dice Modular Ice Cube Maker

Model ID: SPIKA MS410 A HD 1P

The SPIKA MS410 A HD is the powerhouse option in the SPIKA MS range of modular ice cube makers. Every 24 hours it makes 405kg of SPIKA Half Dice ice cubes, a style of ice specifically designed to be harder and longer lasting, while offering superior cooling speed in beverages. Partner with a SILO ice storage bin for ultimate convenience and capacity.

FEATURES & BENEFITS

- Drain pump
SXX11725-P;#Replacement filter cartridge SXX11696;#Stacking kit ITV-6586;#Water filter kit SXX11698
- Comes with Energy STAR Low Power Consumption Certification

SPECIFICATIONS

- Dimensions: 760 W x 620 D x 762 H (mm)
- Ice Production (kg/24h): 405
- Ice Storage (kg): Separate storage bin required
- Ice Cube Dimensions: 23 W x 11 D x 26 H (mm)
- Temperature Range: 10°C to 43°C
- Refrigerant: R452A
- Door Type: Solid
- Material: AISI 304 stainless steel body
- Total Floor Area (m²): 0.53
- Weight (kg): 105
- kW: 1.67
- Current Draw (Amps): 4.5
- Noise Measurement (dB): 72
- Controller: Smart electronic board
- Power Supply: 230 Volts a.c. 50 Hz, single phase
