

The Quiet One

Model ID: The Quiet One

Experience the pinnacle of blending technology with Vitamix's powerful drinks blenders, meticulously crafted for effortlessly blending frozen and fresh fruits, ice, powders, coffee mixes, protein blends and ice cream. With precision engineering and robust construction, Vitamix drink blenders effortlessly homogenise ingredients, resulting in exceptional creamy, smooth frozen beverages that maintain their flavour integrity, ensuring

consistency without any separation.

FEATURES & BENEFITS

- Each Vitamix blade is laser cut from a single piece of hardened stainless steel to ensure precision, consistency and strength.
- Engineered to rupture molecules of fruit and ice, Vitamix blades deliver smooth, chunk-free beverages with every blend.
- A BPA-free 1.4 Litre heavy duty container is included with each Vitamix Drinks Blender.
- The containers are stackable and designed for years of commercial use thanks to the replaceable blade assembly.
- Vitamix blenders are backed with 3 years parts and 1 year labour warranty* from Australasia's leading commercial equipment service business - SKOPE Services.
- Six programmable push buttons with 34 stored program options with auto shut-off leading commercial equipment service business - SKOPE Services.
- Unparalleled sound reduction from the removable sound-reducing enclosure
