

Specification/Data sheet

Basket cart model 2-S, L, XL

Article number:

60.73.612

Features:

- The basket cart has been developed especially for the iVario accessories and has sufficient storage space: in addition to the boiling and deep-frying baskets, GN containers can also be transported and stored.
- On the side there is a bracket to which the arm for the automatic raising and lowering mechanism (model L, XL) can be attached. This means that even bulky accessories can be stored away to save space.
- Safety for the basket cart is optimised by the stopper on each end of a tray. This will prevent the baskets and containers from slipping out during transportation. The cart also has four castors, two of which are lockable, to secure the park position.
- Thanks to the electropolished material, the cart is extremely easy to clean.

Technical data:

- Equipment: 4 castors with 125 mm diameter, of which 2 have lockable brakes
- Dimensions: 418 mm (16.5 in) x 692 mm (27.2 in) x 1522 mm (59.9 in)
- Weight: 21.2 kg (46.7 lbs)
- Maximum capacity: 3 baskets or 16 1/1 GN container, 1 arm for the automatic raising and lowering mechanism (model L, XL)
- Material: Stainless steel
- Distance between GN trays: 75 mm (2.3 in)
- Maximum load rack rails: 40 kg (88.2 lbs)
- Maximum load (full load): 150 kg (330.7 lbs)
- Temperature range for unrestricted use: -20 °C (-4 °F) up to +60 °C (140 °F)

Additional accessories:

- 60.74.986 - Boiling basket model 2-S
- 60.74.983 - Boiling basket model L, XL
- 60.75.330 - Deep-frying basket model 2-S
- 60.75.391 - Deep-frying basket model L, XL
- 60.75.909 - Arm for automatic raising/lowering mechanism model L
- 60.75.129 - Arm for automatic raising/lowering mechanism model XL
