

Specification/Data sheet

150 mm substructure with feet for type 6-1/1, 10-1/1

Article number: 60.31.668

Description

The substructure with feet ensures a safe elevated installation of the iCombi cooking systems 6-1/1 and 10-1/1. The cooking systems are fixed on the stand using a mounting kit.

Features

- open on all sides
- Height-adjustable feet
- Mounting kit for fixing the cooking systems on the base frame
- The kit includes four additional feet with a height of 85 - 105 mm. These can be exchanged upon installation. Where EN1672-2 applies, the lower feet may only be used with a cleaning concept.
- The substructure fits a worktop with a depth of 700 mm.

Technical Specifications

- WxLxH: 870 x 635 x 152 - 170 mm (34 1/4 x 25 x 6 inch)
- Clearance from floor panel to floor: 132 mm
- Max. fixed load: 600 kg
- Weight: 12.5 kg

Material

- CNS 1.4301

Specification/Data sheet

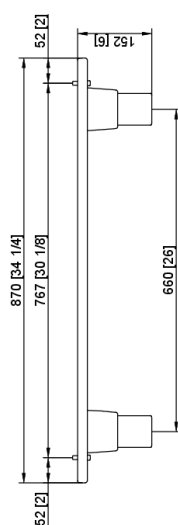

150 mm substructure with feet for type 6-1/1, 10-1/1

Frontansicht mit Standard Füßen (im Lieferumfang enthalten); Gesamthöhe (verstellbar); 152mm-172mm. Aufstellung mit Standard Füßen entspricht den gängigen Hygieneanforderungen (z.B. DIN EN 1672-2, USPHS).
