

Specification/Data sheet

Heat shield models 6-1/1, 6-2/1, 10-1/1, 10-2/1, 20-1/1, 20-2/1

Variants

- 60.75.110 heat shield left, model 6-1/1
- 60.75.113 heat shield right, model 6-1/1
- 60.75.768 heat shield right, model 6-2/1
- 60.75.769 heat shield left, model 6-2/1
- 60.75.771 Heat shield right, model 10-1/1
- 60.75.773 Heat shield left, model 10-1/1
- 60.75.774 Heat shield right, model 10-2/1
- 60.75.776 Heat shield left, model 10-2/1
- 60.75.826 Heat shield left, model 20-2/1
- 60.75.829 Heat shield left, model 20-1/1

Description

Retrofitting a heat shield allows you to place a radiant heat source (e.g. grill) near the side panel.

Technical Specifications

Mounting the heat shield increases the width of the units by:

- Model 6-1/1 (heat shield right and left): 105 mm
- Model 10-1/1 (heat shield right and left): 105 mm
- Model 6-2/1 (heat shield right and left): 105 mm
- Model 10-2/1 (heat shield right and left): 105 mm
- Model 20-1/1 (heat shield left): 53 mm
- Model 20-2/1 (heat shield left): 53 mm

Material

- CNS 1.4301
